

Canteen Policy

Made by us

Crumbed chicken wrap, hamburger, sausage roll, quiche

All meat served in the canteen is sourced from a great butcher located in Tuart Hill.

It contains no preservative and is made to order especially for us. The sausage roll meat and hamburger patties are packed with vegetables (don't tell the kids).

If the children notice the pink colouring of their sausage roll please tell them not to be concerned, they are fully cooked but pink in colour due to the tomato puree in them.

The crumbed chicken is just that! A fillet of chicken in a bread crumbs, parmesan, parsley mix.

Our quiche contains egg, cheese, tomato, zucchini, mushroom, milk and flour.

Bought in

Chicken nuggets, pizza

We have been researching to find the best available pre-made food for your children. The nuggets are free from colouring, preservatives and flavour enhancers.

The pizza is a locally made fluffy focaccia base topped with fresh ingredients pre-cooked for us to heat up.

All bread products are wholemeal and preservative free.
